
Registered Nurse (RN) – Care Coordination & Clinical Services

Cama'i Community Health Center

Position Overview

Cama'i Community Health Center is seeking an experienced **Registered Nurse (RN)** to join our interdisciplinary team. This role delivers high-quality patient care while supporting care coordination, clinic operations, and program oversight.

The RN provides direct and urgent patient care, coordinates services across providers and community resources, and collaborates with the Lab Supervisor to oversee medical assistants and clinic programs.

Required Qualifications

- Current **Alaska RN license** in good standing
- Current **BLS, ACLS, and PALS** certifications
- Minimum **4 years of clinical/hospital experience**, including **2 years in emergency care**
- Experience with chronic disease management and patient education preferred
- Proficient in Microsoft Office and electronic medical records (EHR)

Key Responsibilities

Patient Care & Coordination

- Provide direct, urgent, and case-managed patient care
- Coordinate care with specialists, hospitals, and community services
- Manage referrals and ensure continuity of care

Patient Support & Education

- Educate patients on conditions, treatment plans, and healthy lifestyles
- Use Motivational Interviewing to support self-management goals
- Conduct risk assessments and guide patients to appropriate resources

Monitoring & Follow-Up

- Track patient outcomes, follow-ups, and missed appointments
- Document all encounters in the EHR
- Identify barriers to care and assist with access to medications, equipment, and services

Leadership & Teamwork

- Supervise medical assistants and clinic programs with Lab Supervisor
 - Participate in team huddles and interdisciplinary collaboration
 - Support quality improvement and population health initiatives
-

Core Competencies

- Strong communication, teamwork, and problem-solving skills
 - Ability to work independently in a fast-paced clinical setting
 - High level of professionalism, confidentiality, and ethical practice
 - Commitment to culturally competent, patient-centered care
-

Physical Requirements

- Prolonged sitting, computer use, and frequent patient interaction
 - Occasional lifting (up to 30 lbs), reaching, stooping, and kneeling
 - Visual acuity for detailed work and computer use
-

Why Join Cama'i?

Join a mission-driven team committed to improving access to quality healthcare and supporting the diverse communities we serve.
